Motion data
Human HOI / robot
Source + parent identity
Pose analysis
PCA / FK / proximity
Source-balanced coverage
Pose bank
Observed representatives
Retrieval + provenance
RL teachers
Privileged reference input
Physical rollout validation
OFFLINE STRUCTURE AND PHYSICAL LEARNING → ONLINE TOOL EXECUTION
Distillation
Successful demonstrations
Student-visited state labels
Skill registry
Command + checkpoint
Runtime + outcome metadata
Agent execution
High-level choice / arm motion
Hand feedback at 30 Hz
