01

Privileged teacher

Object state + future reference

Labels student-visited states

02

Online learning

Teacher-action imitation + PPO

Teacher labels + task rewards

03

Student rollout

Student executes finger actions

Contacts produce the next state

FOUR ALTERNATIVE COMMANDS

Cluster

C0–C5

Configuration family

Joint

22 joint targets

Hand posture

Fingertip

5 × 3 palm-frame targets

Endpoint geometry

Hybrid

Cluster + fingertips

Prior + geometry

Shared student architecture

8-frame hand feedback + command / phase → recurrent policy → 22 finger actions
